Summer 2021

PRESIDENT'S CORNER

Fall is fast approaching, and our Discovery conference will soon be here and I look forward to seeing everyone there.

Self care has been a huge and important theme this past summer and I hope you are able to focus and improve/continue your self care this fall.

We are your state organization representing you the veterinary technicians of Ohio and if there is anything we may be able to help with we are here to help.

Kingsly Berlin

President

DISCOVERY 2021

OCTOBER 9-10

The Discovery meeting will here before you know it. Christie Myers and her committee have finalized arrangements with The Renaissance Hotel and are just down to just a few smaller tasks.

One of these tasks is obtaining members to assist with introducing speakers. If you are planning on attending the conference this is a simple thing that you can do to assist in keeping this conference running smoothly.

Contact Christie at ohiorvt@yahoo.com for any questions on how you can become a small part but important part of helping the OAVT continue to be able to provide this annual event to the membership and all RVT'S of Ohio.

Renaissance Hotel

(<https://www.marriott.com/hotels/travel/cmhbw-renaissance-columbus-westerville-polaris-hotel/>) is a beautiful new venue we have chosen that will cater to us and make Discovery a weekend to remember.

Stays tuned to our Facebook page

(<https://www.facebook.com/ohiorvt/>) for the latest information and check our website or look in the mail for your registration.

RENEW YOUR MEMBERSHIP

Online Membership Application Form

<http://goo.gl/uOaXcE>

This form is used to register those persons that are interested in becoming an active member, an affiliate member, or an associate member of our organization. Becoming a member couldn't be any easier.

Download the .PDF Membership Form at:

http://www.ohiorvt.org/download/form_membership.pdf

Dues paid to the OAVT are for membership to the OAVT only and does not mean technicians are registered with the state of Ohio.

You need to contact the OVMLB (Ohio Veterinary Medical Licensing Board) if you have any questions about your status. The link to the OVMLB website is listed below.

<http://www.ovmlb.ohio.gov/>

CHECK THIS OUT!

The OAVT is currently looking for an Executive Secretary.

This position is open to an individual or a management company.

The basic function of the position is to serve as the Executive Secretary and work at the discretion of the Ohio Association of Veterinary Technicians (OAVT) Board of Trustees.

He/she shall recommend and participate in the formulation of policies and make decisions within existing policies as they have been approved by the Board of Trustees.

He/she shall help plan, organize, direct and coordinate programs and activities of the Association to assure that objectives are attained, plans fulfilled, and member needs are met.

He/she shall maintain effective relationships with other organizations, both public and private, and see that the position of the Association and its members is enhanced in accordance with the policies and objectives of the organization.

Please reply to:
executivesecretary.oavt@gmail.com

COME JOIN US!!!

The Ohio Association of Veterinary Technicians needs YOU! That's right YOU!

During the course of this past year, we have navigated so much as Veterinary Technicians/Nurses. Some of us have traveled through some of the highest points of our careers and some of us through the lowest of lows.

We went from interacting with our clients face to face to telephone and zoom consultations, from greeting our clients in the exam room to searching for which car our next patient would be picked up from.

We went from having the "normal" number of patients a day to seeing an overwhelming need of patients that needed our care.

Some of us lost jobs that we loved as clinics had to close their doors. Lastly, we have all felt the empty space of colleagues that are no longer with us.

What we must realize is that these things occur even outside of a global pandemic.

This is why we need each other!

The Ohio Association of Veterinary Technicians serves to promote Veterinary Technicians and quality animal healthcare through education, legislation and high ethical standards. In doing these things we create a community where Veterinary Technicians/Nurses can grow their knowledge, skills, and professional network throughout Ohio and on the national level.

The OAVT exists because YOU matter! What YOU do matters!

How do I get involved?

1. Be an OAVT member!
 - If you already are a member, thank you! We see you!
 - If you are not a member, consider joining us. It's easy! Go to our website and apply. If you are an RVT, you will not be denied membership. Dues are only \$25/ year.
2. Get involved with the executive board!
 - Our board consists of Veterinary Technicians/Nurses just like you that want to make a difference and be a voice for their colleagues.
 - Our officers consist of the President, Vice President, Treasurer, Secretary and Executive Secretary.
 - Volunteer to be a District Representative or serve on one of our many committees that help make the organization run.
3. Attend a meeting!
 - Meetings of the executive board occur once a quarter, with the occasional outlier. - Everyone is invited!!! It is not just for board members!
 - All meetings are virtual right now, so reach out to get placed on the email list.

4. Gather with us at Discovery!!!

- Discovery is an amazing annual event that the OAVT organizes every year just for Veterinary Technicians/Nurses.
- With help from our sponsors, there will be incredible CE geared just toward technicians, great food, network opportunities, and of course, some pretty cool swag!
- Register on our website for this year's Discovery on October 9th and 10th.

Come join us! Be a part of the Veterinary Technician/nurse community right here in Ohio! There is always space for you!

Rachel McGinty RVT

OAVT Executive Board Member

THE PATH I CHOSE

As many people have said, "I've always wanted to work with animals", I too said those very words. In June of 1974 my dream came true as I graduated from Columbus Technical Institute as a R.A.T. (Registered Animal Technician).

I began working at Graber's Animal Hospital in Toledo just 3 days after graduation and was the first registered technician in the Toledo area. In 1976-77, I served on a committee formed by the Ohio Veterinary Medical Association to form a technician organization. In 1977 under the leadership of Maripat Seiler, RAT, the Ohio Association of Animal Technicians (OAAT) began its existence.

I worked full time at the clinic but still served the Association in various positions starting with District 1 Representative, then Treasurer, then Vice-President, and in 1982 President.

In 1981, my husband, Ken and I adopted a beautiful baby girl, Jennifer, who joined our fur-baby Bonnie, the Irish Setter, to make our family complete. Over the next 10 years, I continued working, serving the Association in various positions and on committees, and stayed active on both the local and state levels.

Effective January 1, 1991, the Ohio Veterinary Medical Licensing Board changed our title to veterinary instead of animal and we became Registered Veterinary Technicians, RVT!

In 1996, I had an opportunity to become involved in the education process of veterinary technicians when I served as the VT representative to the AVMA's accreditation committee for Stautzenberger College then located at Southwyck Boulevard in Toledo.

This opened the door to a position on the CVTEA (Committee on Veterinary Education and Activities) which I served for 6 years and a new job for me as Program Manager of Stautzenberger College Veterinary Technician Program.

The position with the CVTEA was one that required traveling, usually flying, around the United States to evaluate VT programs on the AVMA accreditation standards.

This was one of the most rewarding voluntary positions I have ever experienced in my professional career. At the same time, I am learning a new job in which I need to instruct and create lesson plans for students who hopefully have the same passion for the reality of working with animals as I possess.

In 1998 I was appointed by the Governor of the state of Ohio as the first Veterinary Technician member of the Ohio Veterinary Medical Licensing Board.

This appointment opened my eyes to the legal aspect of the veterinary profession, and I served until 2003.

In 2002, I decided to make another career move. This time to a career center teaching juniors and seniors in high school about animal care. Penta Career Center became my new place of employment, and I became a student again myself at the University of Toledo to acquire my teaching certification.

It was a 3-year process and so was my learning curve for teaching high school students! I found myself developing curriculum, teaching an animal component I had never dealt with before, and going back to school at the age of 48. (Who does those things!)

I not only survived but I thrived, and I was the fortunate one to know I made a difference in many young adults minds helping them decide whether a career working with animals was really for them.

In 2014 I retired from teaching but continued to do some relief work in some of the local veterinary clinics. I have continued to support the OAVT and have been serving as their Executive Secretary since 2013.

I have served on the Advisory Committees of both Stautzenberger College and Penta Career Center. I enjoy spoiling my 2 grandchildren and recently moved to Howell, MI after my husband retired at the end of August last year.

I will continue to support the OAVT through membership and in an advisory position as long as I can or am needed.

Not a bad professional path of 47 years!

Janet Buck

SPOTLIGHT - EARL HARRISON

1975 was when I became a Veterinary Technician in Ohio after graduating with an Associate degree from Columbus Technical Institute, now C.S.C.C.(I entered CTI with a bachelor degree which I earned in 1972).

From there I applied my skills and training at The Ohio State Veterinary University Hospital and worked with my dad, a veterinarian, in Tennessee.

I worked in the medical field after high school at a human hospital to pay for college.

I wanted to have training in business and veterinary medicine.

I have been part of a team to train hundreds of veterinarians and technicians in Ohio in anesthesia.

My time with doing emergency duty and private service for my dad showed me many different people and medical experiences.

Giving back to your profession was what I learned most.

I was President of District 5 when RATCO existed and went on to hold the office of Vice President and President of the O.A.V.T.

I was part of a team to develop questions for the veterinary technician national exam. I believe education is important and served on continuing education program development later for O.V.M.A. and O.A.V.T.

I have been a member of O.A.V.T. since its inception.

I am currently District Representative for District 5.

I will be retiring from this commitment in October.

Earl Harrison

WAIVER OF LIMIT OF ONLINE CE HOURS

On March 14, 2020, an Executive Order declaring a state of emergency due to COVID19 was issued.

As a result, numerous live continuing education opportunities were cancelled or developed into webinars or online continuing education events.

The Ohio Veterinary Licensing Board hereby enacts this Resolution to permit unlimited continuing education hours to be obtained online in order to meet the requirements for renewal of a veterinary, limited veterinary, or registered veterinary technician license.

This resolution shall remain in effect for the current renewal cycles of 2021 and 2022.

Dated: July 8, 2020

MISSION STATEMENT

The Ohio Association of Veterinary Technicians is dedicated to promoting Veterinary Technicians and quality animal healthcare through education, legislation and high ethical standards.

The goals of the Ohio Association of Veterinary Technicians:

1. To promote the professional and educational advancement of Ohio's Veterinary Technicians
2. To enlarge the technician's knowledge of necessary skills through continuing education programs and sponsored seminars
3. To provide information on job opportunities
4. To maintain and improve the professional standards of technician's practice
5. To foster high ethical standards within our profession
6. To promote the interest of Veterinary Technicians through state and federal legislation
7. To create and maintain a professional image of the Veterinary Technician
8. To provide for better and more humane veterinary medical care

EMPLOYMENT OPPORTUNITIES

Registered Veterinary Technician

- Daniel Overmeyer Veterinary Center is a fast-paced, single-doctor, small animal practice seeking to add another full or part-time RVT to our team.
- New graduate Technicians who have not yet taken their VTNE will be considered but must have a minimum of 1 year experience working in a veterinary hospital.
- Our team is dedicated to providing exceptional medicine and client service.
- We would like to fill this position with someone who has a passion for animals, working with people and a commitment to their job.
- A work week of 40hrs is guaranteed if seeking full-time.
- Benefits include:
 - A generous sign on bonus for eligible candidates, excellent hourly rate, medical and dental insurance, excellent IRA plan, annual licensure paid, uniform allowance, CEU allowance, paid vacation, free boarding of personal pets, free surgical and dental procedures for personal pets and discounted services for vaccines, medications and prescription foods for personal pets.
